

# Guest Feedback

real-time customer reviews

Convert your  
**Wi-Fi** into a  
**Marketing  
& Feedback**  
powerful tool

## Guest Satisfaction Tool

You can survey your customers and:

- ▶ Get real-time guest reviews
- ▶ Improve the quality of your services
- ▶ Learn everything concerning your guests' experience
- ▶ Take 7 times more reviews than any other mean

## Marketing Tool

Make more customers to return to your business. You can also:

- ▶ Run your ads via your Wi-Fi
- ▶ Create list with your customers' email
- ▶ Build database with your customers' personal info
- ▶ Increase your audience in social media

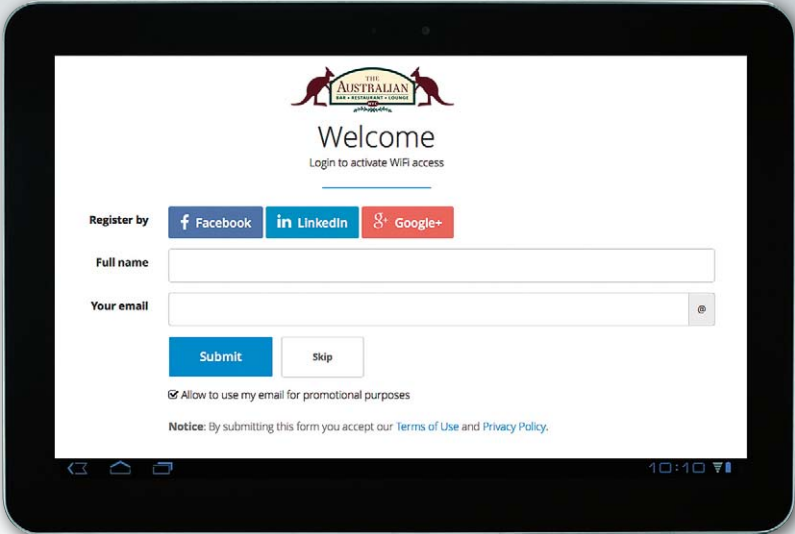

## GuestFeedback can be applied to:

Hotels • Bars & Pubs • Café • Restaurants • Clubs  
Conference Centers • Athletic Centers • Shopping Malls  
Airports • Marinas

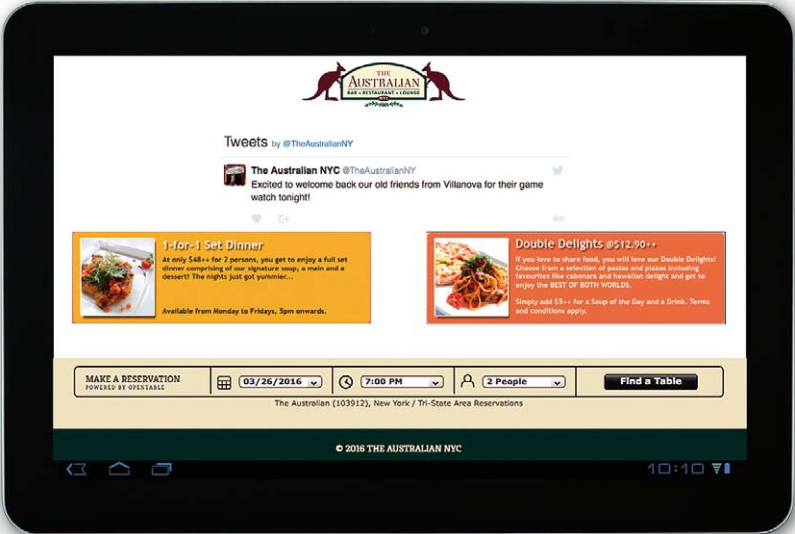

[www.guestfeedback.co](http://www.guestfeedback.co)

When the guests connect to the company's Wi-Fi, the system redirects them to the GuestFeedback welcome page.

Enhance your guests' experience by promoting your offers, events, and additional services.

Find out, in real-time, what your guests think about the quality of your services. The questionnaires can appear in the guest's screen (by automated redirection), or can be sent to them by email.
